"THEY'RE GIVING THEIR LIVES"

HE 13 billion second war loan is the responsibility of every

As Americans, we must lend our government every dollar we can during these next few weeks. No matter how much or making all sorts of simple things how little our pay checks are, each of us must do his part.

The money is urgently needed to back up our armed forces shop for your child, from the time now on the offensive with the weapons they must have to win

We are asked to give up luxuries and even comforts to with wood. The more creative and match in a small way the sacrifices our men in the armed forces vate in your child, the less he will are making on the fighting fronts.

Remember: they give their lives—we are only asked to youngsters from destructive play.

Only you know how much you can lend. Don't wait for possibilities. A story or two will someone to come around and ask you to do your part.

Do it today. Do it glady. Do it to the utmost of your

Do it knowing that upon how much you do depends to a large extent how quickly we win this war.

GUAYULE SIDETRACKED

Little has been printed for months about progress of the Guayule older one of the group read the experiment in California. A year ago much of the nation's hope for read to the young child and his vissynthetic rubber seemed to be based on guayule. At least 50,000 acres iting playmates. e to be devoted to the shrub which was exploited as a great rubber producer. That acreage is now to be cut to 30,000, it is reported.

The reason given for the virtual abandonment of guayule as a rubber early in adequate restraints and stance. source is rather evasive. It is that the acreage is needed for the production abundant creative play. Your child of food. Considering the area available for food production in the United may be able to persuade the visiting children to be careful; and the lat-States, that is no reason at all. An explanation that the manpower is not available to care for the grayula group is somewhat home out by the available to care for the guayule crop is somewhat borne out by the have by conforming to the rules of belond to pass in their time while.

Customer—Do you have a book called "Victory Gardens for Ama- people looking around for Easter clothes so they will have something."

The Department of Agriculture, which knows about food productive only has acquired but few restrains and has acquired but few there is an old gag that was passed tion, is not unanimously committed to curtailment of guayule acreage. resources in creative enjoyment, he Assistant Secretary Hill intimates that the department curtailed guayule planting because Rubber Administrator Jeffers recommended it, and that rough-house more violently and dehe is not in sympathy with the recommendation.

When guayule was first brought forward it was represented as being With good training from his early called me in when I quit, and gave about is American soldiers being capable of performing a rubber miracle. Is it being discovered that for years, your child at 10 or 12 or in quick results it was apparently not even a flash in the pan?

AIR SUPREMACY

The ram of steel and fire upon Hitler's Europe is just beginning. This knowledge that the attack from the air is only in its initial stage, that it will be intensified constantly against steadily diminishing capacity for prescribed by my doctor into my saves it for her next wedding! leaders in their moments of contemplation.

Air operations by the Allies are bringing home to the enemy with you how to do it effectively and from your enemies keep it also same to you to each one of those ever-increasing impressiveness that the United Nations have gained air an assistant to hold the child until superiority all along the line and that the tables have been turned. This the youngster volunteers to take advantage was a factor in the initial Axis successes. Its loss will contribute the medicine willingly.

The Allies have demonstrated that their air resources are so great while listening to the radio? that they can carry on major operations on several fronts simultaneously. A. Some can but few do so very Hitler's stronghold of Europe is undergoing a "softening up" process, well, and when they do they utilize are too small to need their meat one which is hampering war production, destroying arteries of com- an excessive amount of nervous enmunication, obliterating plane and submarine bases, bringing confusion sons with radio. to the Nazi war lords and terror to their subjects. But there is nothing in the pattern of attack to suggest the point at which the invasion of Europe will be made.

The Allies have proved that they now have at their command the resources to direct an overwhelming concentration of air power at any point and at a number of points at the same time. Events have also made. clear that Germany cannot maintain aerial effectiveness in Russia and North Africa simultaneously and that she cannot defend even Berlin from

Germany has been mastered in the air. She has lost one of the advantages indispensable to victory.

HISTORY IN HIGH SCHOOLS

Never was there a more important time to stiffen up high school He sees the violets bloom and blow courses in United States history, where they need it, than right now when But not the power which makes you. the nation is engaged in an all-out war. It is downright culpable for secondary schools to fail to instill in youths about to be drafted into the Chance started every planet's Army an adequate knowledge of how and why this nation and its instiutions have come to be what they are.

It had been common knowledge that in many sections of the country the teaching of the nation's history was woefully neglected in high school or performed in a most desultory way. The New York Times, by And made the swallow fleet of a history test taken by 7,000 college freshmen in thirty-six universities and colleges, has demonstrated the fact that students are not only ignor- How these things came he doesn't ant of their country's origins and development but also possessed of false He thinks they merely happened so.

Only 6 per cent of the 7,000 could name the thirteen original Oh, what a jumble there would be than bachelors. They merely have pathetic letters I have ever received. They merely have ed hard at being bad farmers will peppy night club rather than the

Food rationing, it is predicted, will reduce waist lines. Each ration

The Parent Problem By Garry C. Myers. Ph. D.

DON'T LET CHILDREN RUIN

As soon as your child begins to toddle, train him to be careful of the furniture. Spend time with him as he begins to use the metal toy, so he learns to run it only on the floor, not on the polished chair or table; when he first uses a kiddy car or cart indoors, to move it carefully among the articles of furniture there. Also train him not to jump up and down on the bed or stuffed furniture, nor to climb upon any furniture with his shoes on.

Start Training Early

As soon as he is old enough to run about, train him and nis brother or sister not to play tumbling, running, chasing games indoors, unless it be in a large empty play room for this purpose. Have restrictions when playmates come to your home. Be exacting. Send the offending child to sit in a chair doing nothing for 30 minutes. See that their rough play is limited to out of doors. If for safety you should supervise them there, do so. The time will be well

Wholesome, educative play these young children is in drawfrom paper and cardboard. Havhim in donig and making things example will deter the visiting

Good food was plentiful on Midway despite the lack of vegetation. Not like home exactly, but none complained," Noll confided

"We had our own refrigeration plant and the food sent in by boats kept in good condition," he explained. Corp. Noll isn't sure what his next assignment will be, but he hopes to go back to the front lines. "A Marine wants to fight to the finish," he asserted.

To Speed Output Of Important War Chemicals In WPB

"Chemical Industries Branch" To Direct Research To Increase War Materials

(International News Service) DETROIT. April 14.—Establishent of a new official organization of American scientists for speeding up the production of most important war chemicals was revealed at the American Chemical Society meetng on Tuesday.

The chairman of the "chemical infustries branch" of the new organization, the Office of Production Research and Development, under the War Production Board, Prof. Donald B. Keyes told the four thousand chemists and technologists assem-

"There has been great need for the development of new and improved methods of producing raw materials and essential war mate-

To meet this need research will be directed by the "chemical industries branch". Already, for example, measures have been initiated for increased and improved production of chemical substances of the greatest Nitric acid, aromatic hydrocarbons, ethyl alcohol obtained by fermentation of wheat, acid digestion of wood to turn it into fermentable sugar, constituents for motor fuels and industrial oils, glycerine, acety-

be the guest speaker. The last season weighed 227,200 tons. The News, by Mail, One Year, \$6. The rest-pause that refreshes Welcome in peace... more welcome in war work TN letter after letter from war plants and I factories, managers write in to tell how important they consider Coca-Cola in providing energy-giving refreshment for workers...in helping output and morale. Of course, workers in war plants welcome a rest-pause . . . with ice-cold Coca-Cola to make it the pause that refreshes. Ice-cold Coca-Cola quenches thirst. But it goes further to add pure, wholesome refreshment that you feel and enjoy. Made with a finished art, Coca-Cola has a taste all its own . . . a goodness you always welcome. Popularity with war-workers has made Coca-Cola the symbol of the rest-pause. And remember: only The Coca-Cola Company produces Coca-Cola. Letters from plant managers from coast to coast emphasize that the little moment for an ice-cold Coca-Cola means a lot to workers in war plants. It's a refreshing moment on the sunny side of things...a way to turn to refreshment without turning from work. Drink

Yankees, Dodgers, Giants Battle Today

New York Teams Tangle In Twin-Bill; Civilian Defense Beneficiary

NEW YORK, April 14.—The biggest crowd to sit in on exhibition baseball here in years is expected to pile into Yankee Stadium today to watch the Yankees, Dodgers and Giants tangle in a doubleheader for the Civilian Defense fund.

The opener of these games, which will establish the spring-time major league champions, will bring together the Yanks against the Dodgers. The Giants will rest through the first half of the twin bill, then take on the winner of the first game. Spud Chandler has been selected by Manager Joe McCarthy of the Yankees to hurl in the opening game, with Max Macon taking to the mound for the Dodgers

Five hundred Waves, singing the Star Spangled Banner as they march, will provide color for the program, which also includes Mayor LaGuardia throwing out the first ball and Al Schacht, the baseball

In the event of a weather postponement, the double-header will be played Friday.

(Continued From Page Twelve)

Freedoms, which packed 108. Had these animals carried feather and Count Fleet a knapsack filled with ocks, the result would have been the same, so hard were those victorious hooves flying through the

With every report on the Count's training runs, the odds in the Derby winter book seem to drop lower and lower. The odds of 7 to 5 which he was priced prior to yesterday's race are fantastic, and his victory at Jamaica will drive the price down another peg. If he wins the Wood Memorial next Saturday, most of the Kentucky Derby wagering will center around which horse will come in second, and the Count will

Turf's Smash Hit Jookey Johnny Longden was reported to be restraining the Count

once he started to pull safely away from the fiel | Still, the Count turned in the time of 1:42 4-5 for a mile and seventy yards. The proud son of Reigh Count, winner of the 1928 derby has, through performances like this, made himself the smash nit of American turf.

However, the only person who will ever get rich quick on Count Fleet, is, apparently, Mrs. John D. Herts who owns that noble steed. In the Jamaica feature, Count Fleet returned only \$2.30. \$2.20 and \$2.10 Bousset paid \$2.70 and \$2.40 and Towser \$3.00.

new. try a "Wanted To Buy" Ad.

Hundreds of people have things to sell, someone may have what you are looking for.

FROM ME TO YOU By MESEEALL

If you are interested in donating blood to the American Red Cross Blood Bank . . . be sure to sign up for this service now. You may sign an application card at the Chapter House on North Beaver Street . . . a Mobile Unit will be in New Castle some time soon and there must be enough folks to keep it busy for a couple of

Did you ever believe that you would see snow again this spring? Some will answer yes, sure . . . it has snowed as late as the middle season you would hardly have thought that snow would again cover War Loan Workers . . . they are right out there hitting hard. Each prospect that was handed them will be contacted this week or within the next ten days . . . And you people who are not working in the Campaign . . . you can do your part by buying an EXTRA War Bond this month. In comparison to the man on the battle front, how are your sacrifices stacking up? Are you deprivtrue American citizen . . . It's true that you dislike certain parts of rationing . . . but rationing in many cases would not have to be if YOU and YOU would have self-control. If you had stopped buying up all sorts of things and had invested that money into War Bonds . . . you and your government would have been much

Some people as the War Loan Workers will find out will give all sort of excuses why they can't buy a bond . . . Every once in a while some smart yap will say that he doesn't buy Bonds because he knows that they will be worthless after the War . . . if War Bonds are worthless after the war, what will other securities be like? You know that answer . . . if you can't cash in your War Bonds after peace is here, then the cash you have in the Bank or in your mattress at home will be worth NOTHING. So don't sell your nation to the Axis by not buying War Bonds . . . get in the fight and do it today.

The "stinker" who made the hit-run accident on Highland avenue last night sure will have something to answer too, when the roll is called up yonder
